

# THE A3F

## ALMOST FAMOUS FILM FESTIVAL

### Recap - All-Stars Challenge - 2007

The best teams from past A3F Challenges put everything on the line in this very special 72 Hour All-Stars Challenge! To the delight of the sold-out crowd, the films did not disappoint as the audience was wowed and entertained with every movie that played on screen.

Ranging from an action-packed chase movie to a tear-jerking drama to a film made south of the border, the filmmakers delivered and showed why they were the 10 best from over 180 past A3F teams.

In addition to seeing their films on the big screen, the All-Stars received an original, limited-edition poster compliments of the A3F and a very cool DVD of the 10 films produced and donated by CDROM2GO.

The Audience didn't go home empty-handed either! In addition to the All-Stars Wristbands for each person in attendance, they also received the DVD from CDROM2GO. Wow, what a night to celebrate!

After the films premiered, an awards ceremony ensued and certificates honoring the Top 3 films and other outstanding category winners were revealed. The audience also voted for their 3 favorite films with the winning team receiving a \$1600 full-dvd replication package from CDROM2GO.

A huge thanks to the team leaders, directors, casts and crews of the All-Stars teams and the audience for making this event such a great success and a night to remember!

"I've participated in lots of festivals and contests -- Almost Famous is by far the best! You pay attention to every detail, it runs like a machine, it's a great venue, and it could not be more professional." — Chris Raboin
